

MCKARLEN

SKIMMER

Unique Floating Scum and
Oil Collecting System

SKIMMER - MH-FR Series

SPECIFICATION

TYPE	OUTPUT	DEPTH	CORD LENGHT
MH-250-FR	0.25 kW 0.3 HP	Max : 8	10 Meters
MH-400-FR	0.4 kW 0.5 HP	Max : 8	10 Meters
MH-750-FR	0.75 kW 1 HP	Max : 8	10 Meters

Pump Type		Floating Pump
		1-Phase
Motor	Insulation	Class F
	Protector	IP68
Rated Speed		2900 / 3450 rpm
Impeller Passage		24 mm
Max Liquid Temperature		0 - 40°C
pH Range		6~8
Discharge Bore		2"

FEATURES

- A new idea for scum skimming and oil collecting.
- Floating pump for collecting or transferring oil.
- The MH-FR efficiently removes high-viscosity scum, sludge containing oil or floating oil in various kinds of wastewater, it also effective to collect floating oil in a coolant tank.
